**COURSE LEARNING OUTCOME**

A Learning Outcome (LO) is a statement that clearly indicates what a student should know and be able to do as a result of learning the course.

The Course Outcomes outline what students will achieve in each course and how their learning will be measured

The Course Learning Outcomes answers three primary questions:

- “What will students completing the course know?”
- “What will students completing the course be able to do?”
- “What will students completing the course care about or think?”
