

Title of the Event – Changes in Global Temperature

Organized by – Vanaj, The Commerce Society

Date – 5th June, 2020

No. of Participants - 15

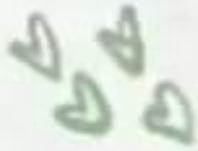

On the occasion of World Environment day on 5th June, Vanajorganised a virtual digital campaign for creating awareness of the environment and its conservation. Vanaj talked about the change in global temperature and how our environment was affected by the pandemic.

The global temperature keeps on changing drastically over the years and this change is adversely affecting the earth. The situation is getting worse day by day. Various calamities are witnessed and so many are expected to take place in the upcoming future. Keeping an eye on this important issue, Vanaj highlighted the change in global temperature and its impact on the world.

The talk also highlighted the impact of pandemic on the environment and how somehow our Earth, Our Nature has healed a little bit due to this lockdown situation
